

How to Download iStation on a Home Device

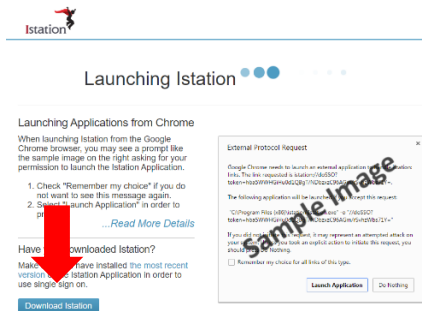

1. From your personal laptop or desktop click on the following link. This will direct you to the log in page for Student - ClassLink <https://launchpad.classlink.com/mypolk>
Students will put in their username and password. (username is **WITHOUT** @mypolkschools.net)

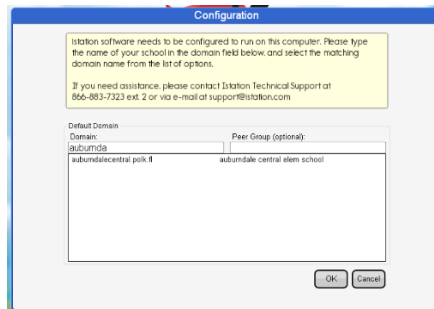

2. Students should see a page like the one below when they have logged in. Click on iStation to open.

1. The following page will pop up “Launching Application from Chrome”. iStation must be downloaded first before it can launch. Just click on the iStation icon and it will ask you to download iStation.

2. It will ask you what platform you are using iPad, Android, Chrome Device, Windows, Mac. (This will not work on your phone. 😞) Click on the correct link and download and install iStation (choose default install)
3. When this window pops up, begin to type sandhill under domain. It will pop up sandhill.polk.fl, click on it, then click OK.

4. Click on EXIT to exit the program, go back to ClassLink and Relaunch iStation.
5. If this windows pops up just click on “Open The Imagination Station” and it will launch. 😊
